<b>Area of Expertise (100 words)</b>			
<p>My area of expertise lies in Constitutional Law, Criminal Justice, and Human Rights, with a focused interest in gender justice, marginalized communities, and legal reforms. I have worked extensively on issues related to access to justice, prison reforms, cybercrime, and the protection of intellectual property rights among tribal communities. My research integrates legal analysis with socio-cultural perspectives to propose inclusive policy solutions. I am particularly drawn to empirical legal studies and interdisciplinary approaches that inform legislative and judicial developments. Through academic writing, field research, and legal advocacy, I aim to contribute to a more equitable and responsive legal system.</p>
